PUBLISHING IN THE DATA PORTAL

Assessment Reports and private Transparency Reports are confidential and only accessible to the reporting signatory on the Data Portal.

However, the Data Portal does facilitate signatories to share these reports bilaterally with other signatories.

To request access, use the "Find A Report" tab to search, and click "Request access". To check pending requests on your own reports, go to "Settings and Requests" tab. Your nominated Data Portal Contact can approve or decline requests.

It is permitted to publish your Assessment Report outside of the Data Portal, however you must take every care not to represent scores out of context, and include access to or references to: the PRI assessment methodology; your full Assessment Report (if only a section is published); and your Transparency Report.

The number of stars determines your overall module score. Please refer to the [assessment methodology](#) summary for additional information about how these scores are calculated.
